Product Characteristics

Description

- mobile, rectangular screen system with aluminium frame and textile panel on stands, individual unit size up to 2 × 2 m – can be extended by adding extra modules

Special features

- mobile partition system ensuring privacy for universal use in residential and commercial situations
- excellent combination of modern, timeless design and maximum stability
- simple, unproblematic installation thanks to practical connecting system
- top-grade, easily cared for aluminium frame without visible connection fittings
- the invisible, all-round fixing of the fabric in the frame ensures that the visible part of the panel is reduced to a minimum of material – frame and fabric
- individual design options in terms of size, frame colour and a selection of more than 200 fabric patterns – benefits the environment and conserves resources “made in Germany”
- optional panel with markilux panoramic window for an unobstructed view
- the long service life is underscored by the fact that it is possible to re-tension and exchange the fabric panel

Dimensions

- unit width 95–200 cm, unit height 95–200 cm, maximum size 200 × 200 cm

Profile specifications

- extruded aluminium, in façade quality, powder coated
